FLOOR DEBATE

February 4, 2003 LB 333

SENATOR BURLING: They wanted it...

SENATOR SYNOWIECKI: ...to enhance trails.

SENATOR BURLING: They wanted more fees in addition to what's already in there, and earmark it for trails.

SENATOR SYNOWIECKI: One other question, Senator. I know in Senator Price's bill that we addressed, the DMV spoke in favor of the kit vehicle. But in your...in this bill, for the all-terrain vehicles, they spoke neutral. Do you...are you aware of any reason why they spoke to your bill in a neutral capacity?

SENATOR BURLING: No, that was their choice. They were a big help in establishing it. And as they told me, they just felt like that in this case they should appear neutral. And they provided some valuable information. And so they didn't want to take a stand either way. But they're...

SENATOR SYNOWIECKI: Thank you, Senator. Thank you.

SENATOR BURLING: ...but they're willing to work with it if it passes.

SENATOR SYNOWIECKI: Thank you, Senator.

SENATOR SCHIMEK: Thank you, Senator Synowiecki. Is there any other discussion on the bill? Seeing none, Senator Burling, did you wish to close on the bill?

SENATOR BURLING: Thank you, Madam President. I thank the body for their questions, and ask you to forward it. And the concern with the liens on voluntary titling before January 1 will be looked at and addressed before we get to Select File. So with that, I ask you to advance it. Thank you.

SENATOR SCHIMEK: Thank you, Senator Burling. The question before you is the advancement of LB 333 to E & R Initial. All those in favor indicate by voting aye; all those opposed vote nay. Record, Mr. Clerk.
